Our army is concentrating here for the strug-

To the list of captures by rabe! privateers that quarter. In the meantime our troops are ready which we published yesterday and Sunday, we have to add this morning that of the brig Araquick time. I suppose you have heard of the A Florida regiment passed up last night for Tulia bolls, solved off the capus of Virginia by the homa. It was rum-red on the streets that the recently Tacony, one of the recent prices of the privaerganised militia from North Caralina, were also ordered toor Clarence, and now converted into a robol miser. This vessel was bonded and let go, her

> frightened away before they could appearable any run privateer services save, as may be imagined, evented the greates alarm smong the shipping interest. The extemost caused by thorn is, in fact, as great as hat caused by Lie's threntened advances Ponusylvania and Maryland. On every side are to be heard imprecations against the indiff ence and slothfulness of the ways department which, it is contouded, could, with ordinary that he is souding out bodies of mounted infamicy to energy, have prevented them predations. It is, in fact, this unfortunate impreviduace which road Mercy point of importance on the railroad is leas been the cause of all our lesses and failures doubly guarded, and our efficers are unusually vigi. It is only when the misfortune is upon us that we take stens to guard against it.

> Within a day or two upwards of twenty Go this port, Philadelphia, and Baston, in search f rebel privateers. The officers at the differ the promptitude with which t wassals randy for sun and the sun! ashibited by have accomplished if it had only set its over glas to work in time. It is by calculating on Since my latter of the 28th we have had constant embeldened to effect these dering exptures a close to our coast; for it has been reasonably asked the outpost of General Hardes's corps in consid- argued that whon, with vessels like the Baltic rable force and was gallantly resisted by histori's and and Atlantic at his commund, it made no at-Bales brigades. The lighting was near what is known | tempt to cheek the depredictors of the Alaas Hoover's gap. There been unable to learn the less | wams and Platids, it would not be likely to even though venturing almost to the very en-

> trances of our ports. It is to be hoped that the newbern energy thus displayed by the department is not spay modie, and that it will not pass away with the danger that presses closely home to us. It is only by straining every effort, and that persoveringly, that amends can be made for the un-I do not know what ear commenders think of the de-nongration new being made by the enemy. They may allowed the rebel navy to grow to its present untable indifference and neglect that have

Considerable apprehension was munifested

We hasten to dispel these fears. If Burnelde ave done at Vishsburg and in Virg air, and willing to does advance (which we regard as highly iminstrate in Tennesses the valer of Southern arms, and prebable.) there are ample means provi which one so eminent deserves of raid into East Termessas has fully awakened in the mind of the War Department the importance of preparation. In accordance with this upon the bridges destrayed by the enemy.

> fact, we are not permitted to gratify the popular | upon Gen. Elziy informed bim that his plan mayamusts of Gan. Beaureward and Gan. D. H. Hill. These officers, doubtiess know their own affairs best, and keep thom quietly concoaled It is sufficient to any that the new locial lately in process of collection come into service i Tennessee, Alacama, and Georgia to be

crans yet. By some inadvertency, as yet un-explained, he seemade have gotten a temporary advantage. But the fight has hardly begun-Before he has done with Bragg be will have one of the bluedlest battles of the war to fight Chattanonga Rebel, 20th.

A letter from an officer who was at the eapture of Winekester says that the prisoners between Front Rayal and Winehester, number declared that Jackson was not dead; that the ing about ninety thousand men; and also that has nobely could have so surprised and taken Hooker's right fixek, and cross into Maryland. Hannissing, Jame 20.—A special dispatch to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is to the New York Times says that the enemy is the following and the control of the crow of the Arabic transfer the enemy is to the New York Times says that the enemy is the following and the control of the crow of the Arabic transfer the enemy is the following and the control of the crow of the cr report was a trick and a lie, put out to dessive: that nobody could have so surprised and taken Hooker's right flank, and cross into Maryland and Pritchard's companies, from Marion county, Virginia. Basely employed they were in war ing upon their old mother, at the bidding of train

Detective Hooper caught a Confederate olenel in this city a few days since named Cornell. He was found at the residence of his brother-in-law in the upper pact of the city, repulsed them. They were moving toward the and is considered a spy. He was committed to the military prises.—Levisville Journal, 19th.
